### Soapbox 2009:

W2VDX: Poor condx on 80 at night. Had fun. Worked my son WN3F.

W2AO: I have been in 1929 QSO Party on and off for 20 years .. vy pleased with this years attendance. A lot more hams participating & some DX too. I worked VE7SL which was really nice DX for 5 watt TNT TX. Good attendance on 80m, 40 meters was sparsely attended here.

WA2PHM: ..This was my first experience in the contest and I thoroughly enjoyed it. I didn't make as many contacts as I would have liked, but that's ok, maybe I will do better next time.

N2OUV: Contest was a blast, thank you.

N4GJV: Please excuse the scratch marks through 29 TNT & 29 TPTG on the W8ZNX and W1GIG entries. They were made unintentionally when I dozed off while filling out the log sheet!

W7LNG: No East stations hrd this yr. Bad line noise at times and lots of net activity hard to miss. Ve7SL only west stn hrd.

K5RB: We had a lot of stations on back in 1994! Just thought I'd send you a copy of the old 1994 log. It was fun but you had to work at it. (Dick included a copy of his '94 log. Calls include NI8G, KC0CW, W2??M, K8BHZ, KD9B, W2ZM, W7HQJ, W2ER, W2TM, W7LNG, W6WVN, KC9GQ, NI8Q, W6DJX, WB9K, K3DZ, WB2AWQ, K2LP, W2UK, W5TXL)

K8WEU: My Windom failed during the second contact. The Hartley sounded like a strangled chicken – squawks all over the place, my long wire proved a poor second.

VE7SL: What a great affair, my first of hopefully many more. ...I was amazed at both the quality and strength of the 29 rigs... Now if someone would reveal the secret behind so much activity from MN, and then spread it around, we could have all states represented in next years event! It would be great to do this more often than once per year.

KB0ROB: As usual it was a thrill to work all my kindred spirits out in the ether. Plenty of whooping, yooping, belching, burping, yodeling, gurgling, buzzing to please the most esoteric of oldtimer.

W1GIG: Did work some old friends and a bunch of new calls that I have not seen before.

VE3AWA: Best fist award to N9OO

WA9WFA: For me the 1929 QSO Party is the highlight ham radio event of the year. I so enjoy operating 1929 equipment and capturing much of the joy and excitement that those long ago 1929 operators experienced. I think the 20's and 30's were the GOLDEN YEARS of ham radio, and we have some of our old GOLDEN YEARS happening right now between the Bruce Kelly 1929 QSO Party, Linc Cundall OT Contest, AM QSO Party, and the John Rollins DX Contest.

**Stations Participating but logs either not sent in**
